

Bledlow Ridge School

PSHE Health Education Policy

Date agreed: April 2023

Review date: April 2024

School ethos

Our aims at Bledlow Ridge are threefold:

- To enable every child to reach his or her potential physically, emotionally, intellectually and socially;
- To ensure that each child feels included, valued and secure, and is able to recognise and appreciate his/her own worth and the worth of others;
- To encourage the children to become self-motivated and confident, and to acquire the skills and attitudes necessary for them to become independent, life-long learners.

With this in mind, our PSHE Policy has been written to reflect our aims throughout.

What is PSHE?

Personal, Social, Health and Economic Education is a distinct curriculum subject and has both statutory and non-statutory elements as defined by the DfE. High quality PSHE education supports pupils' personal, social, health and economic development, helps to give them the knowledge, skills, strategies and attributes to make informed choices and decisions about the different opportunities and challenges life presents. Pupils will learn about relationships, health and wellbeing, keeping safe, managing their off and online lives, living in the wider world and financial education at an age appropriate level. Providing a high quality PSHE curriculum gives pupils opportunities to explore issues that are real and relevant to them in their daily lives in a safe and managed environment.

The aim of this policy is to:

- Provide information to staff, parents and carers, governors, pupils and other agencies regarding the organisation, content and approach to teaching PSHE Education
- Help parents and carers to understand PSHE Education and support them to work with their child to secure the very best outcomes for all pupils
- Demonstrate how the school meets legal requirements with regards to teaching Relationships Education, Sex Education and Health Education.
- To offer some experiences of careers education as part of our PSHE curriculum

The legal bit

At Bledlow Ridge school we teach the statutory parts of PSHE – Relationships education (please see our separate Relationships Education Policy) and Health Education through our PSHE curriculum. We also teach non-statutory Sex Education as part of PHSE provision (please see our Sex Education policy).

The Relationships Education, Relationships and Sex Education and Health Education (England) Regulations 2019, made under sections 34 and 35 of the Children and Social Work Act 2017, make Relationships Education compulsory for all pupils receiving primary education and Relationships and Sex Education (RSE) compulsory for all pupils receiving secondary education. They also make Health Education compulsory in all schools except independent schools.

We comply with the 'Relationships Education, Relationships and Sex Education (RSE) and Health Education statutory guidance issued by the DfE

https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/805781/Relationships_Education_Relationships_and_Sex_Education_RSE_and_Health_Education.pdf

Whilst primary schools are not mandated to provide sex education, we offer this as part of our PSHE curriculum in addition to the statutory elements of sex education contained in the science curriculum. We are required to have regard to guidance issued by the secretary of state as outlined in section 403 of the Education Act 1996.

We follow the DfE guidance for teaching PSHE (updated June 2019)

<https://www.gov.uk/government/publications/personal-social-health-and-economic-education-pshe/personal-social-health-and-economic-pshe-education>

It is the statutory responsibility of the governing body to ensure the school has a compliant and up to date Relationships and Sex Education policy.

The Curriculum

Intent - *Why do we teach it?*

We aim to provide high quality PSHE provision that will support pupils to develop life skills which will enable them to manage change, make healthy and safe choices, build character and be resilient, reflective and responsible members of society. Our PSHE provision has been designed to be age appropriate, whilst being sensitive to the needs of our whole school community to ensure PSHE provision gives our pupils an education which will support them both now and in the future. It is underpinned by the 2010 Equalities Act and provides an inclusive curriculum that promotes understanding and mutual respect for all. We reflect diversity within our curriculum to ensure that no pupil feels excluded and teach pupils to understand, respect and celebrate difference and challenge stigma. Our PSHE provision extends beyond the curriculum and includes themed days / weeks, assemblies and fully supports our school's ethos and values. PSHE is part of our school's broad and balanced curriculum supporting spiritual, moral cultural, social and cultural education, citizenship, equalities, and safeguarding. The personal, social, health and economic development of our pupils is a vital element of education and we aim to work collaboratively with parents/ carers to ensure our children are well informed and supported to make healthy, safe and positive choices in all aspects of their daily lives.

Implementation - *What, where and when is PSHE taught*

Our PSHE roadmap (Appendix 1) shows the current overview for our topics throughout the children's education from Reception straight through to Year 6. A closer look at our PSHE Roadmap breakdown in the actual document (also viewable in Appendix 1) shows when each PSHE statement will be covered by each class. For further information about the relationships education and the sex education areas of study please see either the Relationship Education policy or the Sex Education policy.

What

At Bledlow Ridge school statutory Relationships Education and Health Education are taught as part of a structured spiral PSHE curriculum. We also teach Economic Education and relevant themes to support our pupils to manage their lives both now and in the future.

At Bledlow Ridge school we use the PSHE Association's scheme of work for the overview, planning and delivery of PSHE. The programme of study is adapted to provide a relevant and age appropriate curriculum. We also use a mixture of Twinkl, SEAL and other online sources suggested by the PSHE association as part of our provision. We provide a spiral curriculum to ensure pupils are taught key aspects of PSHE at a relevant and age appropriate level and in line with their continuing personal, social and emotional development.

Relationships Education

Our PSHE curriculum covers statutory Relationships education (please see Relationships policy for further details). Relationships Education in primary schools focuses on teaching the fundamental building blocks and characteristics of positive relationships, with particular reference to friendships, family relationships, and relationships with other children and adults. By the end of primary school pupils will have been taught content on:

- Families and people who care for us
- Caring friendships
- Respectful relationships
- Online relationships
- Being safe

Pupils will be taught Relationships Education from Reception at an age appropriate level. Further details on what we are required to teach can be found in appendix 2 (DfE Relationships outcomes)

Sex Education

As part of our PSHE provision we teach sex education. This is an important and recommended aspect of the curriculum. As a non-statutory element of PSHE parents / carers have the right to withdraw their child from designated sex education lessons. We encourage parents and carers to talk through any concerns they may have and make an informed choice about whether to exercise the right to withdraw their child. Please see our sex education policy for further details.

Health Education

We deliver statutory Health education through our PSHE curriculum and 'Time To Talk' days. Health Education aims to teach pupils about physical and mental wellbeing and give pupils the information that they need to make good decisions about their own health and wellbeing. It should enable them to recognise what is normal and what is an issue with regards to themselves and others; pupils will be taught how to seek support as early as possible and from a safe and trusted source. By the end of primary school, pupils will have been taught content on:

- Mental wellbeing
- Internet safety and harms
- Physical health and fitness
- Healthy eating
- Facts and risks associated with drugs, alcohol and tobacco
- Health prevention
- Basic first aid
- Changing adolescent body*

*The changing adolescent body and puberty education is part of the statutory Health Education curriculum and is mandatory for all pupils. We teach the correct scientific names of all body parts from Reception to Year 6. A list of key vocabulary can be found in appendix 3. Introducing the scientific names of genitalia is recommended by the NSPCC, the PSHE Association and is recognised good practice, supporting the safeguarding of pupils. DfE outcomes for Health Education can be found in appendix 2.

Living in the wider world/Economic Education

Our PSHE curriculum covers Economic Education and Living in the Wider World. Pupils will learn about areas such as managing money, saving and enterprise skills, careers education, climate change, personal safety both online and off.

When / How

At Bledlow Ridge school PSHE is a taught subject. PSHE is timetabled once a week and delivered by class teachers. The PSHE curriculum has been designed to help pupils develop their knowledge and skills over time, embedding learning to ensure pupils receive a relevant and age appropriate education to support them in their lives now and in the future. PSHE is taught in units and the themes are available to view through the Curriculum Term Overview given out every term.

Managing difficult questions and confidentiality

In PSHE pupils learn about personal safety and the law. Should a pupil make a disclosure to a member of staff this will be reported to a designated safeguarding lead and followed up in accordance with our disclosure procedures. Please see our safeguarding policy on the school website for further information.

All aspects of PSHE are underpinned by shared and understood ground rules (these can be viewed in appendix 2) with lessons being delivered in a safe and well managed environment. To ensure the content and delivery of PSHE education is appropriate and relevant to our pupils we use simple baselines to ascertain what pupils already know, and what they would like to learn. Distancing techniques are used in PSHE education, which provide depersonalised examples which support children to explore what is being taught without sharing their own personal experiences in the lesson. Pupils are encouraged to ask questions and raise issues in a respectful and appropriate manner. Some questions or issues raised may not be appropriately answered in whole class lessons and these will be followed up separately on an individual or group basis. A worry or question box is available for pupils who do not feel confident to ask questions or wish to have a separate conversation with a member of staff. Given ease of access to the internet, children whose questions go unanswered may turn to inappropriate sources of information instead. We also respect that some questions are better addressed at home with parents/ carers and the school will share information with parents/carers on an individual basis should the need arise. Whilst it is vital to have trust and openness we cannot offer total confidentiality to pupils. Any disclosures or areas of concern will be followed up in accordance with our safeguarding procedures.

How delivery and content will be made accessible to all pupils including SEND

This will be differentiated on a case by case teacher led decision, depending upon the specific needs of the child in question. These lessons may be but not exclusively be either 1-1 lessons incorporated into games or stories in

order to make them accessible to the child. The child may be in the class with the other students or out of class on a 1-1 basis.

Impact

- PSHE provision provides pupils with well-chosen opportunities and contexts to explore and embed new knowledge that can be used confidently in real life situations
- Pupils are able to form healthy, happy relationships with other children and adults and recognise the features of unhealthy relationships and have strategies to challenge negative behaviour of others and seek help when needed
- Pupils know how and when to ask for help and where to access support
- Pupils are well informed and recognise the risks they may encounter both on and off line and are able to make safe choices
- Pupils are enabled to take responsibility for their actions and understand the implications and consequences of their own decisions
- Pupils are well prepared for the next steps of their lives
- Pupils have the knowledge, skills and attributes to live healthy, happy lives
- Pupils understand and respect differences between themselves and others

Roles and Responsibilities

The Governing Body will approve the policy and hold the Headteacher to account for its implementation.

The Headteacher is responsible for ensuring PSHE is taught consistently across the school and for managing requests with regards to the parental right to withdraw from non-statutory Sex Education.

The PSHE lead is responsible for leading and managing the subject. Teachers are responsible for delivering PSHE. Pupils are expected to fully engage with PSHE provision and treat others with respect.

Working with outside agencies and visiting speakers

Any agencies or visiting speakers will be given and asked to sign the school safeguarding documentation in order to attend a session. They will also have their identification checked by a member of staff unless known to staff already.

Monitoring, evaluation and training

- PSHE provision will be monitored and evaluated by the PSHE lead, SLT and Governors in line with the monitoring cycle agreed by the school. The PSHE policy will be reviewed annually.
- To ensure staff are confident to deliver all aspects of the PSHE curriculum, access to online, in school, local and national training will be made available and in accordance with the school's CPD programme for staff development.
- Students are given opportunities to provide reflections of our PSHE curriculum throughout the year in all year groups.

Working with parents

It is vital that parents and carers know what is being taught and how to support their child/children. The PSHE curriculum overview is published on the school website along with the PSHE policy, Relationships policy and Sex education policy. Appendix 1 shows what is being taught by year group.

We have an open-door policy for any parents/ carers who wish to find out more about our PSHE provision. We understand that parents and carers may wish to approach the school to access help with concerns they may have about their child and where they can go to obtain further support.

Our PSHE policy and PSHE curriculum overview can be found on the school website. We welcome and encourage parents and carers to make an appointment with the class teacher or the headteacher to discuss any aspect of the PSHE curriculum or to raise any concerns they may have regarding this vital area of education. This should always be raised through the school office so that an appropriate meeting time can be arranged.

Parents and carers are **only** entitled to withdraw their child from designated Sex education lessons (please see the Sex education policy for further details) and there is no right to withdraw from PSHE which includes statutory Relationships Education and Health Education. The science curriculum also includes content on human development, including reproduction, for which there is no right to withdraw from. We highly recommend all students receive the full PSHE curriculum.

Useful information for parents

A designated area of the School website signposts parents to trusted external websites such as ParentZone, NSPCC, ThinkUKnow and the DfE guide for parents.

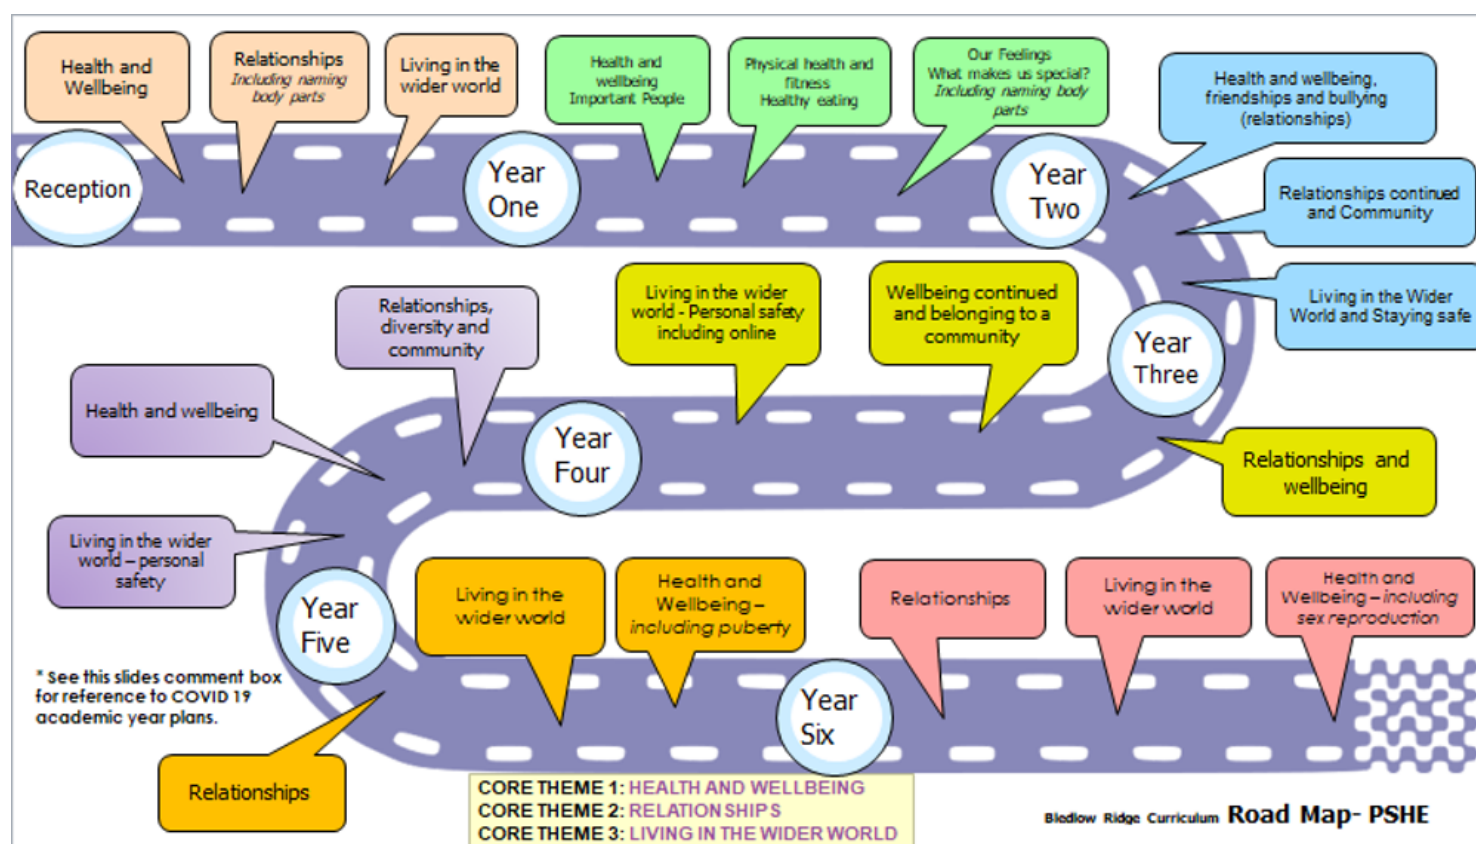

Linked policies

Child Protection Policy
Anti - Bullying Policy
Relationships Education Policy
Sex Education Policy
Food Policy

Policy development

This policy was developed by the PSHE lead in consultation with school governors, a readability focus group of parents and pupils (this has been outlined at the end of this document after the Appendixes).

Appendix 1

KS1 overview of each theme

CORE THEME 1: HEALTH AND WELLBEING

KS1 Learning opportunities in Health and Wellbeing *Pupils learn...*

Healthy lifestyles (physical wellbeing)

- H1. about what keeping healthy means; different ways to keep healthy
- H2. about foods that support good health and the risks of eating too much sugar
- H3. about how physical activity helps us to stay healthy; and ways to be physically active everyday
- H4. about why sleep is important and different ways to rest and relax
- H5. simple hygiene routines that can stop germs from spreading
- H6. that medicines (including vaccinations and immunisations and those that support allergic reactions) can help people to stay healthy
- H7. about dental care and visiting the dentist; how to brush teeth correctly; food and drink that support dental health
- H8. how to keep safe in the sun and protect skin from sun damage
- H9. about different ways to learn and play; recognising the importance of knowing when to take a break from time online or TV
- H10. about the people who help us to stay physically healthy

CORE THEME 1: HEALTH AND WELLBEING CORE THEME 2: RELATIONSHIPS CORE THEME 3: LIVING IN THE WIDER WORLD

Mental health

- H11. about different feelings that humans can experience
- H12. how to recognise and name different feelings
- H13. how feelings can affect people's bodies and how they behave
- H14. how to recognise what others might be feeling
- H15. to recognise that not everyone feels the same at the same time, or feels the same about the same things
- H16. about ways of sharing feelings; a range of words to describe feelings
- H17. about things that help people feel good (e.g. playing outside, doing things they enjoy, spending time with family, getting enough sleep)
- H18. different things they can do to manage big feelings, to help calm themselves down and/or change their mood when they don't feel good
- H19. to recognise when they need help with feelings; that it is important to ask for help with feelings; and how to ask for it
- H20. about change and loss (including death); to identify feelings associated with this; to recognise what helps people to feel better

Reception coverage

Year 1 coverage

Year 2 coverage

Ourselfs, growing and changing

- H21. to recognise what makes them special
- H22. to recognise the ways in which we are all unique
- H23. to identify what they are good at, what they like and dislike
- H24. how to manage when finding things difficult
- H25. to name the main parts of the body including external genitalia (e.g. vulva, penis, testicles)
- H26. about growing and changing from young to old and how people's needs change
- H27. about preparing to move to a new class/year group

Keeping safe

- H28. about rules and age restrictions that keep us safe
- H29. to recognise risk in simple everyday situations and what action to take to
- H30. about how to keep safe at home (including around electrical appliances) and fire safety (e.g. not playing with matches and lighters)
- H31. that household products (including medicines) can be harmful if not used correctly
- H32. ways to keep safe in familiar and unfamiliar environments (e.g. beach, shopping centre, park, swimming pool, on the street) and how to cross the road safely
- H33. about the people whose job it is to help keep us safe
- H34. basic rules to keep safe online, including what is meant by personal information and what should be kept private; the importance of telling a trusted adult if they come across something that scares them – all year groups
- H35. about what to do if there is an accident and someone is hurt
- H36. how to get help in an emergency (how to dial 999 and what to say)

Reception coverage

Year 1 coverage

Year 2 coverage

Drugs, alcohol and tobacco

- H37. about things that people can put into their body or on their skin; how these can affect how people feel

CORE THEME 2: RELATIONSHIPS

KS1 Learning opportunities in Relationships

Families and close positive relationships

- R1. about the roles different people (e.g. acquaintances, friends and relatives) play in our lives
- R2. to identify the people who love and care for them and what they do to help them feel cared for
- R3. about different types of families including those that may be different to their own
- R4. to identify common features of family life
- R5. that it is important to tell someone (such as their teacher) if something about their family makes them unhappy or worried

Friendships

- R6. about how people make friends and what makes a good friendship
- R7. about how to recognise when they or someone else feels lonely and what to do
- R8. simple strategies to resolve arguments between friends positively
- R9. how to ask for help if a friendship is making them feel unhappy

Respecting your self and others

- R21. about what is kind and unkind behaviour, and how this can affect others
- R22. about how to treat themselves and others with respect; how to be polite and courteous
- R23. to recognise the ways in which they are the same and different to others
- R24. how to listen to other people and play and work cooperatively
- R25. how to talk about and share their opinions on things that matter to them

Managing hurtful behaviour and bullying

- R10. that bodies and feelings can be hurt by words and actions; that people can say hurtful things online
- R11. about how people may feel if they experience hurtful behaviour or bullying
- R12. that hurtful behaviour (offline and online) including teasing, name-calling, bullying and deliberately excluding others is not acceptable; how to report bullying; the importance of telling a trusted adult

Safe relationships

- R13. to recognise that some things are private and the importance of respecting privacy; that parts of their body covered by underwear are private
- R14. that sometimes people may behave differently online, including by pretending to be someone they are not
- R15. how to respond safely to adults they don't know
- R16. about how to respond if physical contact makes them feel uncomfortable or unsafe
- R17. about knowing there are situations when they should ask for permission and also when their permission should be sought
- R18. about the importance of not keeping adults' secrets (only happy surprises that others will find out about eventually)
- R19. basic techniques for resisting pressure to do something they don't want to do and which may make them unsafe
- R20. what to do if they feel unsafe or worried for themselves or others; who to ask for help and vocabulary to use when asking for help; importance of keeping trying until they are heard

Reception coverage

Year 1 coverage

Year 2 coverage

CORE THEME 3: LIVING IN THE WIDER WORLD

KS1 Learning opportunities in Living in the Wider World *Pupils learn...*

Shared responsibilities – all three year group repeat

- L1. about what rules are, why they are needed, and why different rules are needed for different situations
- L2. how people and other living things have different needs; about the responsibilities of caring for them
- L3. about things they can do to help look after their environment

Communities

- L4. about the different groups they belong to
- L5. about the different roles and responsibilities people have in their community
- L6. to recognise the ways they are the same as, and different to, other people

Media literacy & digital resilience

- L7. about how the internet and digital devices can be used safely to find things out and to communicate with others
- L8. about the role of the internet in everyday life
- L9. that not all information seen online is true

Economic wellbeing: Aspirations, work and career

- L14. that everyone has different strengths
- L15. that jobs help people to earn money to pay for things
- L16. different jobs that people they know or people who work in the community do
- L17. about some of the strengths and interests someone might need to do different jobs

Economic wellbeing: Money

- L10. what money is; forms that money comes in; that money comes from different sources
- L11. that people make different choices about how to save and spend money
- L12. about the difference between needs and wants; that sometimes people may not always be able to have the things they want
- L13. that money needs to be looked after; different ways of doing this

Reception coverage

Year 1 coverage

Year 2 coverage

CORE THEME 1: HEALTH AND WELLBEING

Healthy lifestyles (physical wellbeing)

KS2 Learning opportunities in Health and Wellbeing *Pupils learn...*

- H1. how to make informed decisions about health
- H2. about the elements of a balanced, healthy lifestyle
- H3. about choices that support a healthy lifestyle, and recognise what might influence these
- H4. how to recognise that habits can have both positive and negative effects on a healthy lifestyle
- H5. about what good physical health means; how to recognise early signs of physical illness
- H6. about what constitutes a healthy diet; how to plan healthy meals; benefits to health and wellbeing of eating nutritionally rich foods; risks associated with not eating a healthy diet including obesity and tooth decay.
- H7. how regular (daily/weekly) exercise benefits mental and physical health (e.g. walking or cycling to school, daily active mile); recognise opportunities to be physically active and some of the risks associated with an inactive lifestyle
- H8. about how sleep contributes to a healthy lifestyle; routines that support good quality sleep; the effects of lack of sleep on the body, feelings, behaviour and ability to learn

H9. that bacteria and viruses can affect health; how everyday hygiene routines can limit the spread of infection; the wider importance of personal hygiene and how to maintain it

H10. how medicines, when used responsibly, contribute to health; that some diseases can be prevented by vaccinations and immunisations; how allergies can be managed

H11. how to maintain good oral hygiene (including correct brushing and flossing); why regular visits to the dentist are essential; the impact of lifestyle choices on dental care (e.g. sugar consumption/acidic drinks such as fruit juices, smoothies and fruit teas; the effects of smoking)

H12. about the benefits of sun exposure and risks of overexposure; how to keep safe from sun damage and sun/heat stroke and reduce the risk of skin cancer – UV BEADS INVESTIGATIONS

H13. about the benefits of the internet; the importance of balancing time online with other activities; strategies for managing time online

H14. how and when to seek support, including which adults to speak to in and outside school, if they are worried about their health

Year 3 / Year 4 / Year 5 / Year 6

CORE THEME 1: HEALTH AND WELLBEING

Mental health

H15. that mental health, just like physical health, is part of daily life; the importance of taking care of mental health

H16. about strategies and behaviours that support mental health — including how good quality sleep, physical exercise/time outdoors, being involved in community groups, doing things for others, clubs, and activities, hobbies and spending time with family and friends can support mental health and wellbeing

H17. to recognise that feelings can change over time and range in intensity

H18. about everyday things that affect feelings and the importance of expressing feelings

H19. a varied vocabulary to use when talking about feelings; about how to express feelings in different ways;

H20. strategies to respond to feelings, including intense or conflicting feelings; how to manage and respond to feelings appropriately and proportionately in different situations

H21. to recognise warning signs about mental health and wellbeing and how to seek support for themselves and others

H22. to recognise that anyone can experience mental ill-health and that it is important to discuss feelings with a trusted adult

H23. about change and loss, including death, and how these can affect feelings; ways of expressing and managing grief and bereavement

H24. problem-solving strategies for dealing with emotions, challenges and change, including the transition to new schools

Year 3 / Year 4 / Year 5 / Year 6

Ourselves, growing and changing

H25. about personal identity; what contributes to who we are (e.g. ethnicity, family, gender, faith, culture, hobbies, likes/dislikes)

H26. that for some people gender identity does not correspond with their biological sex (this is not a direct lesson on the subject).

H27. to recognise their individuality and personal qualities

H28. to identify personal strengths, skills, achievements and interests and how these contribute to a sense of self-worth

H29. about how to manage setbacks/perceived failures, including how to reframe unhelpful thinking

H30. to identify the external genitalia and internal reproductive organs in males and females and how the process of puberty relates to human reproduction

H31. about the physical and emotional changes that happen when approaching and during puberty (including menstruation, key facts about the menstrual cycle and menstrual wellbeing, erections and wet dreams)

H32. about how hygiene routines change during the time of puberty, the importance of keeping clean and how to maintain personal hygiene

H33. about the processes of reproduction and birth as part of the human life cycle; how babies are conceived and born (and that there are ways to prevent a baby being made); how babies need to be cared for¹

H34. about where to get more information, help and advice about growing and changing, especially about puberty

H35. about the new opportunities and responsibilities that increasing independence may bring

H36. strategies to manage transitions between classes and key stages

Year 3 / Year 4 / Year 5 / Year 6

Keeping safe

H37. reasons for following and complying with regulations and restrictions (including age restrictions); how they promote personal safety and wellbeing with reference to social media, television programmes, films, games and online gaming

H38. how to predict, assess and manage risk in different situations

H39. about hazards (including fire risks) that may cause harm, injury or risk in the home and what they can do reduce risks and keep safe

H40. about the importance of taking medicines correctly and using household products safely, (e.g. following instructions carefully)

H41. strategies for keeping safe in the local environment or unfamiliar places (rail, water, road) and firework safety; safe use of digital devices when out and about

H42. about the importance of keeping personal information private; strategies for keeping safe online, including how to manage requests for personal information or images of themselves and others; what to do if frightened or worried by something seen or read online and how to report concerns, inappropriate content and contact

H43. about what is meant by first aid; basic techniques for dealing with common injuries²

H44. how to respond and react in an emergency situation; how to identify situations that may require the emergency services; know how to contact them and what to say

H45. that female genital mutilation (FGM) is against British law, what to do and whom to tell if they think they or someone they know might be at risk³

Drugs, alcohol and tobacco

H46. about the risks and effects of legal drugs common to everyday life (e.g. cigarettes, e-cigarettes/vaping, alcohol and medicines) and their impact on health; recognise that drug use can become a habit which can be difficult to break

H47. to recognise that there are laws surrounding the use of legal drugs and that some drugs are illegal to own, use and give to others

H48. about why people choose to use or not use drugs (including nicotine, alcohol and medicines);

H49. about the mixed messages in the media about drugs, including alcohol and smoking/vaping

H50. about the organisations that can support people concerning alcohol, tobacco and nicotine or other drug use; people they can talk to if they have concerns

Year 3 / Year 4 / Year 5 / Year 6

CORE THEME 3: LIVING IN THE WIDER WORLD

KS2 Learning opportunities in Living in the Wider World Pupils learn...

Shared responsibilities

L1. to recognise reasons for rules and laws; consequences of not adhering to rules and laws

L2. to recognise there are human rights, that are there to protect everyone

L3. about the relationship between rights and responsibilities

L4. the importance of having compassion towards others; shared responsibilities we all have for caring for other people and living things; how to show care and concern for others

L5. ways of carrying out shared responsibilities for protecting the environment in school and at home; how everyday choices

Communities

L6. about the different groups that make up their community; what living in a community means

L7. to value the different contributions that people and groups make to the community

L8. about diversity; what it means; the benefits of living in a diverse community; about valuing diversity within communities

L9. about stereotypes; how they can negatively influence behaviours and attitudes towards others; strategies for challenging stereotypes

L10. about prejudice; how to recognise behaviours/actions which discriminate against others; ways of responding to it if witnessed or experienced

Media literacy & digital resilience

L11. recognise ways in which the internet and social media can be used both positively and negatively

L12. how to assess the reliability of sources of information online; and how to make safe, reliable choices from search results

L13. about some of the different ways information and data is shared and used online, including for commercial purposes

L14. about how information on the internet is ranked, selected and targeted at specific individuals and groups; that connected devices can share information

L15. recognise things appropriate to share and things that should not be shared on social media; rules surrounding distribution of images

L16. about how text and images in the media and on social media can be manipulated or invented; strategies to evaluate the reliability of sources and identify misinformation

Year 3 / Year 4 / Year 5 / Year 6

CORE THEME 3: LIVING IN THE WIDER WORLD

Economic wellbeing: Money

L17. about the different ways to pay for things and the choices people have about this

L18. to recognise that people have different attitudes towards saving and spending money; what influences people's decisions; what makes something 'good value for money'

L19. that people's spending decisions can affect others and the environment (e.g. Fair trade, buying single-use plastics, or giving to charity)

L20. to recognise that people make spending decisions based on priorities, needs and wants

L21. different ways to keep track of money

L22. about risks associated with money (e.g. money can be won, lost or stolen) and ways of keeping money safe

L23. about the risks involved in gambling; different ways money can be won or lost through gambling-related activities and their impact on health, wellbeing and future aspirations

L24. to identify the ways that money can impact on people's feelings and emotions

Economic wellbeing: Aspirations, work and career

L25. to recognise positive things about themselves and their achievements; set goals to help achieve personal outcomes

L26. that there is a broad range of different jobs/careers that people can have; that people often have more than one career/type of job during their life

L27. about stereotypes in the workplace and that a person's career aspirations should not be limited by them

L28. about what might influence people's decisions about a job or career (e.g. personal interests and values, family connections to certain trades or businesses, strengths and qualities, ways in which stereotypical assumptions can deter people from aspiring to certain jobs)

L29. that some jobs are paid more than others and money is one factor which may influence a person's job or career choice; that people may choose to do voluntary work which is unpaid

L30. about some of the skills that will help them in their future careers e.g. teamwork, communication and negotiation

L31. to identify the kind of job that they might like to do when they are older

L32. to recognise a variety of routes into careers (e.g. college, apprenticeship, university)

Year 3 / Year 4 / Year 5 / Year 6

Appendix 2

Ground Rules

Show kindness to everyone.

What is said in this group...
stays in this group

No negative 'put downs'

Please note these are available other languages (Urdu, Somali , Arabic).

Suggestions for policy development

- More information was asked to be added in regards to physical health and well-being in relation to eating habits and relationships with food. This section was adapted in our food policy to cover how children do not always choose their food or control their portion sizes. Both children and parents will be made aware of the correct portion sizes and given some suggested sugar swap options to help them make informed choices in their diets.
- Anxieties over food was also brought up and can be addressed or resolved early on by ensuring that discussion are made over how food importantly provides us with the necessary energy needed for daily life. Body image is also an area that can be discussed sensitively through-out both Key stages as and when appropriate to do so.

PSHE lead with staff or working group pulled together all relevant information including relevant national and local guidance / guidance from Public Health PSHE lead.

Staff consultation – all school staff were given the opportunity to look at the policy and make recommendations.

Parent/stakeholder consultation – parents and any interested parties were invited to read thorough the final drafted version of the policy and feedback on any questions or queries that they had. The school has an open door policy that allows parents the opportunity to ask questions about our policies at any point in during the school year. Suggestions for the policies were created after feedback from the readability focus group comments and queries.

Pupil consultation – Mrs Bourke (PSHE lead) or Mr. Gage (PSHE governor) have and will continue to seek consultations when appropriate, regarding PSHE lessons and questions raised to shape further lessons. This has been and may in future be achieved through a small focus group who can then give their consent to review or answer a questionnaire in class. In addition to these meetings, throughout the year, teachers will also be completing a reflective assessment of each terms targets and provide children with the opportunity to review each topic unit once completed.

Ratification – this policy was shared and ratified with governors.
