Prevent Risk Assessment

Aim	People Involved
<p>The aim of the Prevent strategy is to reduce the threat to the UK from terrorism by stopping people being drawn into terrorism.</p> <p>We are required to take a risk-based approach to the Prevent duty, under paragraph 14 of the Home Office's statutory guidance.</p> <p>This document demonstrates our awareness of the specific risks of extremism and radicalisation in our school and our area.</p> <p>Extremism is defined as vocal or active opposition to fundamental British values, including democracy, the rule of law, individual liberty and mutual respect and tolerance of different faiths and beliefs. Extremism isn't exclusive to any section of society and can take many forms.</p> <p>Radicalisation is defined as the process by which a person comes to support terrorism and extremist ideologies associated with terrorist groups.</p> <p>Since the publication of the Prevent Strategy, there has been an awareness of the specific need to safeguard children, pupils and families from violent extremism. There have been attempts to radicalise vulnerable children and pupils to hold extreme views including views justifying political, religious, sexist or racist violence, or to steer them into a rigid and narrow ideology that is intolerant of diversity and leaves them vulnerable to future radicalisation. The purpose of this risk assessment is to identify areas of risk at Bledlow Ridge School and put protective measures in place.</p>	<p>SLT Governors Children and all Staff The School Community Volunteers / Visitors After-school providers Anyone wishing to hire the school hall / use the school premises.</p>
